Overview:

Villa Jardín
Nueva Andalucía, Marbella

In one of Marbella's most sought-after areas, just minutes from Puerto Banús, Villa Jardín is a home you feel from the very first moment. Modern, bright, and designed to enjoy every space effortlessly.

The property opens into an open-plan concept where indoor and outdoor living blend naturally. Large windows flood every corner with light, creating a constant sense of space. The living and dining areas flow seamlessly into the private garden with a pool, setting the perfect scene for relaxed living and entertaining. The kitchen, elegant and functional, features a central island ideal for more informal yet equally special moments.

The terraces are simply irresistible… and the rooftop solarium takes the experience to another level: jacuzzi, outdoor dining area, and barbecue, all framed by open views that remind you every day why Marbella is more than just a destination.

Each bedroom has been designed with balance and warmth, featuring fitted wardrobes and en-suite bathrooms that bring a boutique hotel feel. To complete the experience, the villa includes a private cinema room, entertainment area, fully equipped gym, and private garage.

Villa Jardín is not just a home. It's a way of living Marbella—with style, privacy, and everything within reach: beach, golf, gastronomy… and that unique energy you only find here.
